

# TWIN RIB

## FOR ANIMAL CONFINEMENT

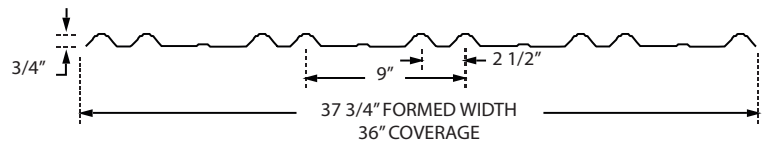

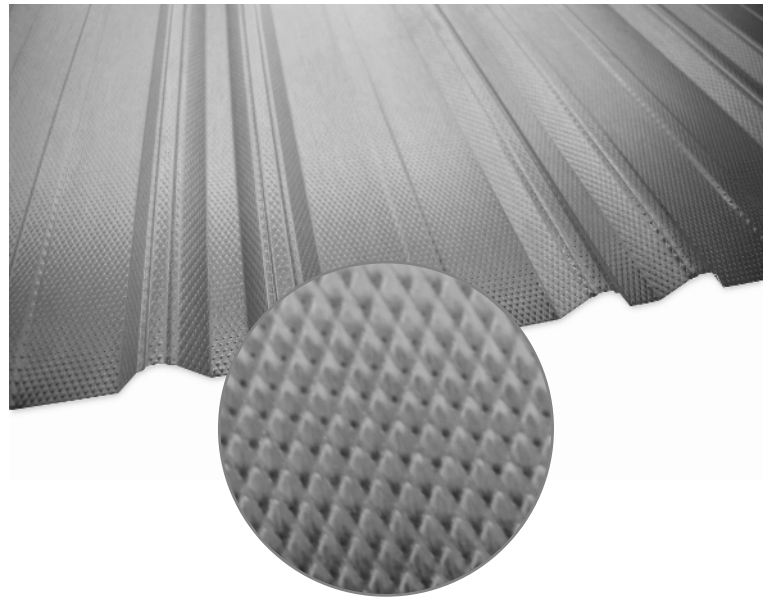

### Standard Specifications

- Material: .018 Aluminum
- 3/4" Rib Height
- Panel Coverage 36"
- Finish: Bare

### Description

Twin Rib is an exposed fastener panel made with 100% recyclable aluminum. This is an ideal panel for agricultural applications. Available in 3/4" rib height with 36" coverage.

Due to thermal expansion and contraction the maximum length of the panel is no more than 22'.
